**Please complete the information below and return to your middle school teacher by April 14th.**  
 Career exploration activities were completed by most students in middle school. These activities help identify skill, interests, and abilities that may guide students to future careers. Please indicate current career interests below. We understand career and pathway interests may change over time as students learn and grow. The information below gives OHS an idea of the future career and educational interests of our incoming students. Students will review and revise their career interests using the Career Cruising online exploration program. They are guided by at least four classroom lessons each year of high school. Since the program is web based, they may access the program as often as they would like to update and extend the classroom activities.

<b>FRESHMAN SCHEDULING</b>		
All freshman are scheduled for six (6) classes. All classes are year-long and, other than Health/Fitness, do <u>not</u> change at the semester. Please utilize the OHS Class of 2021 Course Catalog to select your top two (2) elective choices, providing two (2) alternate electives. A sample freshman schedule is below. OHS has two lunches determined by 4 <sup>th</sup> period class/teacher, so odds are 50% that students will be with friends. If not, please don't worry. OHS spend the first two weeks of the school year create a positive social environment for freshman (in classrooms and with Bear Crew Leaders).		
Period	Courses	Credits Earned (6 total)
1	English 9	1.0
2	Algebra	1.0
3	Physical Science	1.0
4	Health (0.5) / Fitness (0.5)	1.0
5	Elective #1	1.0
6	Elective #2	1.0

**FRESHMAN SUBJECT SELECTION**

**Course Request Directions:**

Please complete the Freshman Subject Selection section below. Review the course descriptions in the Freshman Course Catalog to make informed choices regarding requested classes. Math will be scheduled based on placement data; however, please "X" your best guess for math placement. Please choose one (1) English, one (1) science, and two (2) electives (Fine Arts, CTE, World Language, or other). Courses that meet both Art and CTE requirements are noted as "2 for 1." This means a student will earn one (1) credit while meeting both Art and CTE requirement for graduation. Identify final course requests in the "Top Choice Summary" area below.
